

## **ELECTRONIC BALANCES DOUBLE RANGE**

### **DESCRIPTION**

Precision electronic balances double range with milligram/centigram and centigram/decigram resolutions.

### **TECHNICAL SPECIFICATIONS**

- Digital display with integrated key
- Measuring units selection: g, ct, oz, lb, dwt, GN, tl, momme
- Filter for vibrations damping selection
- Automatic calibration by means of reference weight or autocalibration (see model below)
- Tare from 0 (zero) g up to full capacity
- Serial output RS232-C
- Operating temperature: 10 ÷ 30 °C
- Supply: 230 V-50/60 Hz single phase

### **ACCESSORIES AND SPARE PARTS**

<b>GT0705</b>	Connection cable RS232 - C balance - PC
<b>GT0706</b>	Connection cable RS232 - C balance - printer
<b>GT0412</b>	External printer RS232 - C
