

CODE **GT2492**
MODEL **DEPTH GAUGE**
MEASURING RANGE 25 mm
OVERALL DIMENSIONS 85x105x133 mm
WEIGHT 540 g

DEPTH GAUGE MICROMETER

DESCRIPTION

Depth gauge micrometer 0-150 mm (0-6 ") with interchangeable \varnothing 4mm rods for a wide range of measurements. Clutch ensures constant measuring force. Lockable measuring rods

TECHNICAL SPECIFICATION

- basic flatness: 2 μ m
- temple flatness: 0.3 μ m
- base (W x D): 4 x 0.63 "
- number of auctions: 6
- mass: 540 g
- scale: Matt chromed drum and bush, \varnothing 18 mm
- measuring range: 25 mm
- rod pitch: 0.5 mm, with rod lock
- head shift error (0-25 mm) (excluding quantization error): \pm 3 μ m
- parallelism between the reference face and the face of the measuring rod: $(4 + L / 50)$ μ m
- L = max. measured length (mm).
- measuring surfaces: Hardened, ground and precision lapped
- Lock function: yes
- measurement: Inches / Metric
- Data output: Yes
- Base: In hardened steel • Extension reset error:
- \pm 4 μ m (0-150 mm)
- \pm 6 μ m (0-300 mm)
- \pm 4 μ m (0-150 mm)
- \pm 6 μ m (0-300 mm)

EQUIPMENTS

- wooden box
- key
- Nr. 1 battery
